ABOUT ME_____

I'm a Creative Designer, and Developer

My name is David Oluwabusayo, I am a creative web and mobile app developer with a special interest in building cross-platform applications with Flutter. I have 7+ years of rich experience in building and customization. I speak various Mobile, Web, server, and Cloud programming languages. My greatest strength is my curiosity & open-mindedness.

I am an Advocate of Paperless Workspace.

Call me David, I am half Geek, half brilliant, half cool. I Have only learned a little that I don't know what I know.

console.log('This is the temple of a Geek, you\'re standing on a holy place :P');

OBJECTIVES_____

To work in a challenging environment that aims at obtaining the very best from its employees and consequently recognizes and rewards production.

To work under minimum supervision and in cooperation with existing staff and facilities in a challenging and goal-oriented organization where my human potential and professionalism can be fully demonstrated through striving for excellence and precision, in all positions and circumstances so as to achieve the objectives, organizational goals, and targets of the organization.

To establish a career with a leading, reputable, and professional organization. That renders efficient and innovative services to the general public and the country as a whole and at the same time accomplishes the organization's goals.

WORK EXPERIENCE_____

CHIEF TECHNOLOGY OFFICER
Paperless Evn Ltd

June 2023 Till Date

At Paperless, our goal is to develop a digital environment that encourages sustainability and lessens the use of paper-based procedures. It strives to minimize the environmental impact associated with traditional paper usage while delivering a seamless and effective online and offline experience.
